

Blevins Cemetery on Route 7 (GPS: 38 degrees, 23.498 minutes N; 82 degrees, 58.858 minutes W, 916 feet elevation)--Blevins Hollow lies on the north side (or the on the right going away from Grayson) of Route 7 and is just across Route 7 from Everman Creek Church. Don't be confused; we're talking about a different Everman Creek than that mentioned above. This would be maybe 6 so miles from Route 7s intersection with Routes 1 & 7. Follow Blevins Hollow all the way to the head of the hollow. Joann Blevins & husband own the property where the cemetery lies. It might be good to advise them of intent to visit the cemetery. The road narrows and turns 90 or more degrees to the left at the far end of the mobile home. Follow the road all the way to the top of the hill. The cemetery is at the end of the road.
